

### FEMA's new APP:

Federal Emergency Management Agency (FEMA) has created content that is ready to [use via web, social media, and print](#) and created a [FEMA App widget](#) that you plug right into your website. Be prepared and download the FEMA app for free on the App Store and Google Play. Learn what to do before, during, and after emergencies with safety tips & receive weather alerts from the National Weather Service for up to five different locations anywhere in the United States. What you should know about the FEMA App:

- With hurricane season continuing through November 30, the FEMA app is an essential tool to help your family weather the storm, nationwide.
- Receive weather alerts from the National Weather Service for up to five different locations anywhere in the United States.
- Learn what to do before, during and after emergencies with safety tips.
- Share disaster damage photos on a verified photo-sharing platform.
- Prepare ahead of time with an emergency kit checklist and safety reminders.
- Get directions to open shelters and where to talk to FEMA in person.
- Download free on the [iTunes App Store](#) and [Google Play](#).
