### BEST PRACTICES

Best ways to prevent illness include:
- Wash your hands often with soap and water for 20 seconds. If soap and water are not available, use an alcohol-based hand sanitizer
- Avoid touching your eyes, nose, and mouth with unwashed hands
- Avoid close contact with people who are ill
- Stay home when you are ill
- Practice good respiratory etiquette and cover your mouth and nose when coughing or sneezing
- If using a tissue, immediately throw the tissue in the garbage and wash your hands
- If you don’t have a tissue, sneeze or cough into your sleeve or arm
