

A Message from the Mohegan Tribal Council

Equality. Inclusion. Diversity – three powerful words, but more importantly, three powerful pillars of our democracy. The Mohegan Tribe stands in unity with each of our team members who represent all walks of life, all races and all ethnicities. We stand together with all who are fighting against injustice anywhere it is found. And the Mohegan Tribe stands in solidarity with all who protest peacefully for the changes we need to be a stronger nation.

In the words of our late Chief Harold Tantaquidgeon, "It's harder to hate someone that you know a lot about."
