[Role of MILDRED] FEMALE, SEEKING PERFORMERS WITH DISABILITIES, OPEN to ages 15 – 25 years. OPEN to ALL ETHNICITIES. **NOTE: Character as currently written uses a wheelchair. As with all roles, writer plans to adjust and tailor character to the actor** Young, smart, and observant, Mildred is one of the people who awaken on Belle Isle, Detroit, without having any idea of how they got there. Dressed in a pair of bell-bottoms and flowery peasant top of the **1970s**, though the last thing she remembers is moving to Oakland, California, with her mother. Befriended by Shanice and then Hayden, Mildred seems to have been through some hard times in her life, because she doesn't understand why everyone is so upset at being held at the hotel: "This place is nice and they feed us"...**SERIES REGULAR**

Storyline for the Series "4400":

A group of people from all eras and walks of life suddenly appear out of the blue--or more specifically, from a flash of green light--on Belle Isle in Detroit, baffled, confused and frightened. As the government tries to contain them and figure out what and who they are, and whether or not they're a threat to national security, it's revealed that they are actually people who have gone missing, some as long as a hundred years ago, and there are 4,400 of them...
