Tribal Consultation Schedule on Native American Voting Rights

What: Best Practices and Strategies of Protecting the Native American Vote

Purpose: On March 7, 2021, the President issued an Executive Order on Promoting Access to Voting. The EO established an Interagency Steering Group on Native American Voting Rights (Steering Group). The charge of the Steering Group includes studying best practices for protecting voting rights of Native Americans and producing a report within 1 year of the date of this order outlining recommendations for providing such protection, consistent with applicable law. The Steering Group will engage in meaningful and robust consultation with Tribal Nations and Native leaders during this process and will include tribal recommendations in this report.
