

**Federal Permitting Improvement Steering Council Government-to-Government Consultation
Sessions on Draft Recommended Best Practices for Enhancing Early Tribal Engagement
Discussion Questions**

Please consider the below discussion questions in your review of the Draft Recommended Best Practices for Enhancing Early Tribal Engagement. The discussion questions are meant as a guideline for your feedback on the best practices. Please provide additional feedback beyond these questions as you see fit.

1. Do the draft best practices accurately reflect and address your priorities for improvements in Federal agencies' engagement of Tribes in the environmental review and authorization process for infrastructure projects? If so, which of the draft best practices best reflect your priorities?
2. Are there priorities and/or issues that are not reflected in the draft best practices? If so, please provide recommendations for addressing the priorities/issues through the best practices.
