

TRIBAL ECONOMIC DEVELOPMENT: INDIAN COUNTRY'S POLICY PRIORITIES FOR THE FEDERAL GOVERNMENT

Across Indian Country, Tribal Nations are forging impressive records of economic progress. From operating nation-owned enterprises to cultivating tribal citizen-owned businesses to preparing their people to access new job opportunities through workforce education and training, Tribal Nations are methodically building sustainable economies to support thriving Native communities. Driving this remarkable yet uneven renaissance is tribal self-determination, specifically the responsibility each Tribal Nation exercises to create a robust economy based on its cultural values, particular circumstances, and long-range priorities. To support Tribal Nations, the federal government must fulfill its binding trust and treaty obligations to take key actions to foster – and remove the barriers impeding – their economy-building efforts.

POLICY PRIORITIES – CONGRESS

Below are top-line policy steps Congress should take to enhance Tribal Nations' ability to grow vibrant economies based on their distinct challenges, needs, and goals. These consensus priorities are endorsed by the 12 contributing Native organizations below. For more, please visit: <https://www.ncaied.org/indian-country-policy-priorities/>.

- ❖ Increase Department of Interior (DOI) [Indian Loan Guarantee and Insurance Program Annual Funding to at Least \\$25 Million](#): to expand flexible private financing of tribally and Native-owned businesses, increase the allocation for administrative expenses so DOI can hire more staff with banking experience, and double the aggregate value of loans subject to this unique federal guarantee.
- ❖ Pass the [Native American Direct Loan \(NADL\) Improvement Act of 2023](#): to create a \$5 million relending program enabling Native CDFIs to obtain an NADL loan at 1% interest and relend the funds to qualified Native veterans, and allow them to use NADL to refinance non-VA mortgages so they have the same ability as non-Natives to use their VA loan benefit to refinance mortgage loans.
- ❖ Support the [Small Business Administration \(SBA\) proposal for licensing new Small Business Lending Companies \(SBLCs\)](#): to include at least one new license for a Mission-Based SBLC for Indian Country with eligible applicants to include Native CDFIs.
- ❖ Pass the [Rural Housing Service Reform Act of 2023 \(S. 1389\)](#): Title III of S. 1389 makes the successful USDA Section 502 relending demonstration program permanent, extends it across Indian Country, and authorizes \$50 million to finance Native homeowners.

- ❖ Include [Tax Immunity for Native Artists in the ARTIST Act of 2023](#): Strictly interpret the Constitution, which recognizes the status of "Indians not taxed," to [immunize Native artists](#) who produce arts and crafts on tribal lands from income taxes; ensure [Indian Arts and Crafts Act](#) beneficiaries are enrolled tribal citizens.
