

Meeting Agenda

USET Annual Meeting with the University of Miami Miller School of Medicine

Time	Activity	Description	Location
8:30 – 9:00 AM	Light Breakfast Bites	Start your day with a delightful selection of breakfast bites while mingling with fellow attendees as you sign in.	Room: Slab 103
9:00 – 10:00 AM	Global Institute for Community Health and Development Presentation	Gain insights into the mission and initiatives of the Global Institute. This presentation will introduce you to our community health disaster management efforts. More details here.	Room: Slab 103
10:00 – 11:00 AM	Understanding and Communicating Hurricane Hazards Presentation	This presentation will explore the complexities and uncertainties inherent in hurricane forecasting. It will provide insights on how these uncertainties should shape effective communication strategies to convey hurricane-related impacts accurately and responsibly.	Room: Slab 103
11:00 – 11:30 AM	SUSTAIN Laboratory Tour	Experience the cutting-edge SUSTAIN Laboratory, featuring a state-of-the-art wind-wave tank. Witness the creation of category 5 hurricane force winds and observe water and wind interactions in a dynamic 3-D environment.	SUSTAIN Laboratory
11:30 - Noon	Tour of RV F.G. Walton Smith (RVWS) Ship	Step aboard the RV F.G. Walton Smith, 96-foot-long, 40-foot-wide watercraft, a versatile research vessel equipped with extensive laboratory space and accommodations. Explore its capabilities and learn about its role in marine research.	Marine Campus Port
12:00 – 1:00 PM	Lunch	Enjoy a catered lunch.	Room: Slab 103
1:00 – 2:00 PM	Extreme Events from days to decades	Delve into the science of extreme weather events. This session will explore methods for understanding and predicting environmental conditions that contribute to risks of extremes, from short-term events to long-term patterns.	Room: Slab 103
2:00 – 3:00 PM	Enroute to Medical Campus	Head to the van for a short 15-minute drive to the Gordon Center, where the next session will take place.	Gordon Center 1120 NW 14th St, Miami, FL 33136
3:00 - 4:30 PM	Gordon Center for Simulation and Innovation in Medical Education	Gain a comprehensive overview of the Gordon Center's Emergency Training Programs, which annually train thousands of registrants. These programs are implemented across more than 800 agencies in Florida and over 1,500 globally. The session will provide detailed information on training offerings, including Active Shooter Response Training for First Responders, Unarmed Security, and Normal Personnel. Conclude with a tour of the state-of-the-art Simulation Lab, showcasing innovative training techniques.	Training auditorium and Sim lab.
