

National Indian Cannabis Coalition - Cannabis legislation call 1:00 pm ET May 1

SAVE THE DATE

May 1, 2018 – 1pm EST

National Indian Cannabis Coalition Executive Director Jeff Doctor would like to invite tribal leaders and attorneys to participate in a call to discuss national cannabis legislation efforts and tribal opportunity in that legislation. Senators Gardner (CO) and Warren (MA) are going to be introducing a states rights bill shortly that includes tribes, and Minority Leader Senator Schumer is also interested in drafting a bill and has indicated his willingness to ensure tribes are included in any legislative fix. We encourage interested tribes to join us for an update and discussion.
