On or about February 1, 2018, the United States Veteran's Administration Medical Center at Perry Point, Maryland provided email and certified mail notice to your organization and several other Indian and/or tribal entities, requesting your assistance in distribution of our request to initiate formal government-to-government consultation with regards to the Perry Point VA Medical Center (VAMC-PP)(see attached) to your membership. The purpose of the aforementioned notice was to seek consultation with Indian/tribal entities to help us compile a plan of action (POA) that will assist the VAMC-PP in the conduct of appropriate and meaningful tribal consultation on future projects in a fashion that is compliant with Section 106 of the National Historic Preservation Act, the provisions of the National Environmental Protection Act (NEPA), and the Native American Graves and Repatriation Act (NAGPRA). The aforementioned correspondence requested tribal responses on or before March 16, 2018, and indicated our desire to host a conference call, as well as an onsite meeting, shortly thereafter.

In follow-up from the aforementioned correspondence, we have remitted a request by email (and by hard copy for those whom we do not have email/fax information for) asking for tribal attendance to a consultation teleconference. The information for this teleconference is as follows:

Date: April 11, 2018

Time: 1:00pm-2:00pm EST

Call In Number: 1-844-376-0278

Pin: 701289540 #

The purpose of this call/call agenda is as follows:

1. Roll call of consulting entities.
2. Introduce VAMC-PP Key staff.
3. Summary of POA project
4. Explain purpose of call.
5. Update of consulting entities.
6. Request tribal input on POA consultation practices
7. Potential dates for site visit.
8. Any other pressing issues
9. Adjourn.

It is also a goal to also attempt to schedule a site visit during late April 2018 for the Indian tribal entities that consult. Therefore, we again respectfully request your assistance in distributing this invitation to your tribal membership.
